

INCOME SPLITTING / CHILDCARE POLL September 2013

- CLIENT:** Family First New Zealand
- POLL DATES:** Evenings of Thu 29 August, Sun 01 Sep, Wed 04 Sep 2013
- SAMPLE SIZE:** 1,000 respondents agreed to participate.
- SAMPLE SELECTION:** A random selection of 15,000 nationwide phone numbers.
- WEIGHTING:** The results are weighted to reflect the overall adult population in terms of gender, age, area and deprivation decile.
- SAMPLE ERROR:** Based on this sample of 1,000 respondents, the maximum sampling error (for a result of 50%) is +/- 3.2%, at the 95% confidence level.

INCOME SPLITTING

A married couple should be able to split their income between them, for tax purposes, so that a couple with say one spouse earning \$80,000 would pay the same tax as a couple where both spouses work and earn \$40,000 each

		Count	Col %
A married couple should be able to split their income between them, for tax purposes, so that a couple with say one spouse earning \$80,000 would pay the same tax as a couple where both spouses work and earn \$40,000 each?	Agree	757	76%
	Disagree	135	14%
	Unsure/Refuse	108	11%
	Total	1001	100%

76% of respondents support income splitting for tax purposes.
